## ABOUT ABU DHABI

Abu Dhabi, the capital of the United Arab Emirates is a vibrant metropolis bustling with trade and tourism.

It is a place known for the friendliness and hospitality of its people and was named safest city in the world by Global statistic database, Numbeo, in its 2022 survey.

Located at the crossroads of the region, Abu Dhabi is a melting pot of cultures. This unique geographic location, along with a highly developed aviation sector and state-of-the-art infrastructure, makes Abu Dhabi a highly accessible destination for the global film industry.

## ABOUT ABU DHABI FILM COMMISSION

Abu Dhabi Film Commission (ADFC), which operates under the umbrella of the Creative Media Authority, offers a rebate starting at \*35%++ rebate on all qualifying film and TV production spend in the Emirate of Abu Dhabi.

It was established in 2009 with a mandate to support the development of Abu Dhabi's rapidly growing film & television industry, and to promote the Emirate as a location for production and filming.

ADFC's support services include assistance with filming permits and visa's, script clearance advice, initial scouting for locations, plus access to companies within the UAE that provide production services, equipment and crew.

Our services:

- Cashback rebate starting at \*35%++ on film and TV production spend.
- Scouting assistance on a diverse range of unique locations including stunning coastline, wild desert, amazing oasis and iconic architecture.
- Support with location film and talent sourcing
- Advice and assistance with government requests, permits, visas, script approval, importing equipment and filming permits.

## LOCATIONS IN ABU DHABI

Abu Dhabi is unmatched in the diversity of its natural and constructed filming locations. The city, and the extended Emirate, blend desert and coastal landscapes, mangroves, and beaches with distinct urban settings, featuring Arabian-style landmarks, luxurious hotels, modern high-rise buildings and neighbourhoods, and architectural marvels.

And if your production requires a special setting or period features, look no further than the twofour54's 300,000m<sup>2</sup> backlot, where you can utilize unique infrastructure and preconstructed sets to make your production as unique as possible.
